INTRODUCTION

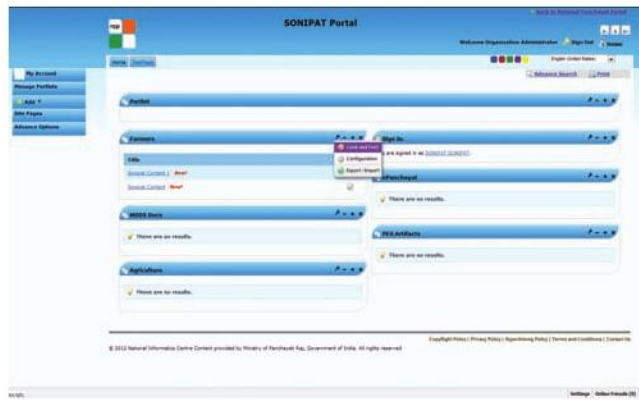

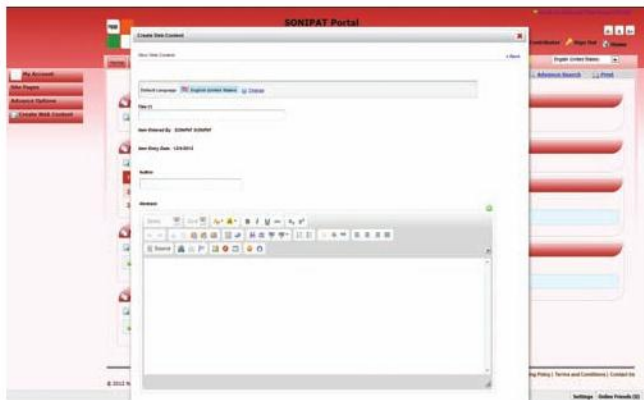

National Panchayat Portal (NPP) is one of the 12 applications developed as part of Panchayat Enterprise Suite (PES) under e-panchayat Mission Mode Project (MMP) (<http://epanchayat.gov.in>). NPP is designed to be a versatile front-end for citizens and businesses to access the information & services provided by the Panchayats on their devolved responsibilities. NPP is a collective name given to all Panchayat websites created using web-based content management and content exchange framework that generates and maintains dynamic web sites for all the Panchayats in the country, including District Panchayats, Intermediate Panchayats, Village Panchayats and MoPR, State Panchayati Raj Departments (35). It can be accessed at <http://panchayatportals.gov.in>.

FEATURES

- 1 **Offers a unique web presence** for each Panchayat in the country by dynamically generating a web site for each panchayat
